# Media Scanning & Verification Cell

Media alert from the Media Scanning & Verification Cell, IDSP-NCDC.

Alert ID	Publication Date	Reporting Date	Place Name	News Source/Publication Language
5146	13.02.2019	13.02.2019	Nayagarh Orissa	<a href="http://www.orissapost.com/English">www.orissapost.com/English</a> <a href="http://www.orissapost.com/jaundice-scare-over-40-affected-in-a-week/">http://www.orissapost.com/jaundice-scare-over-40-affected-in-a-week/</a>
<b>Title:</b>	<b>Jaundice scare: Over 40 affected in a week in district Nayagarh, Orissa</b>			
Action By CSU, IDSP -NCDC	Information communicated to DSU-Nayagarh, SSU-Orissa			

Jaundice has assumed epidemic proportions spreading panic among the residents of villages under Balugaon panchayat in Nayagarh district. More than 40 villagers are reported to be affected of the disease in the area in the past week.

All the affected persons are from Club Sahi, Bania Sahi and Gadabhitari Sahi under Balugaon panchayat. Among the affected are an Asha worker Prabhat Panda's daughter Barsharani Das and an Anganwadi worker's husband named Dinabandhu Nayak.

While the Health department is yet to take necessary steps to tackle the water-borne disease, it is apprehended that the situation may become explosive with lack of quality health care service in the area. Lack of proper sanitation and drinking water facilities are the main reason of the outbreak of the disease.

Moreover, heaps of garbage strewn all around the area with overflowing open drains have made matters worse.

Some of the affected persons are Indramani Swain, Bhabagrahi Swain, Prabhat Kumar Dalbehera, Asha Dalbehera, Ranjit Behera, Kesab Chandra Dalbehera, Debasis Das, Puspanjali Pradhan, Pramila Nayak, Mamata Dakua and Saroj Kumar Rout of Gadabhitari Sahi.

The affected are undergoing treatment at the district headquarters hospital (DHH).

एक कदम स्वच्छता की ओर

When contacted, the Chief district headquarters hospital (CDMO), Sweta Mahapatra said that a medical team has been sent to collect water samples for examination and take immediate steps to stop the spread of the disease.

Necessary steps will be taken after the sample report arrives, she added.

It may be noted here that at least 50 people from five villages under Kridaspur panchayat and over 40 people from four villages under Saradhapur panchayat were affected by the disease.
