Alert ID	Publication Date	Reporting Date	Place Name	News Source/Publication Language
5151	15.02.2019	15.02.2019	Udupi Karnataka	www.thehindu.com/English https://www.thehindu.com/news/cities/Mangalore/six-more-monkeys-found-dead-in-udupi-district/article26274614.ece
Title:	Six more monkeys found dead in Udupi district, Karnataka			
Action By CSU, IDSP -NCDC	Information communicated to DSU-Udupi, SSU-Karnataka			

As many as six monkeys were found dead in different parts of Udupi district on Thursday. District Nodal Officer for Kyasanur Forest Disease Prashanth Bhat said here that a monkey each had died in Someshwara, Nandalike, Hirgana, Bailoor, Hosangadi and Kalthodu. Of these six dead monkeys, the monkey at Nandalike had died due to electrocution. Autopsy had been conducted on the carcass of the dead monkey at Hosangady.

Test negative

The blood sample of a person who had shown symptoms of Kyasanur Forest Disease had been sent for test to the Manipal Centre for Virus Research (MCVR) on February 13. The person had tested negative for Kyasanur Forest Disease. Of the 33 persons tested for Kyasanur Forest Disease in Udupi district since the beginning of January, the results of all were negative.

DMP oil

DMP oil was being distributed in different parts of the district.
