Media alert from the Media Scanning & Verification Cell, IDSP-NCDC.

Alert ID	Publication Date	Reporting Date	Place Name	News Source/Publication Language
5574	15.10.2019	15.10.2019	Fazilka Punjab	The Tribune English Newspaper 15 th October, 2019/Page No. 03
Title:	38 dengue cases in Fazilka district, Punjab			
Action By CSU, IDSP -NCDC	Information communicated to DSU-Fazilka, SSU-Punjab			

As many as 38 dengue cases have been detected in Fazilka district. Official sources said 13 cases had been found in Fazilka city alone.

Three of a family residing on the Gaushala road in the town tested positive for dengue. Health Department Mass Media Officer Anil Dhamu said coolers at their house were found filled with water which became breeding ground for mosquitoes. He said dengue larvae were detected in the coolers.

Besides, three members of another family tested positive for the disease. They had been admitted in different hospitals.

He claimed that the situation was under control for the last few days. He said the Health Department had conducted fogging in the town. The department has been sensitising the affected areas.
