Title:	11 kids hit by food poisoning at wedding in Mumbai, Maharashtra			
Action By CSU, IDSP -NCDC	Information communicated to DSU-Mumbai, SSU-Maharashtra			

Eleven tribal children, aged five to 10, suffered from food poisoning after a wedding on Monday. They are being treated at Kasa government hospital and are stable. They were part of a wedding party at Kirat village in Dahanu. As the ceremony was on till late night, the children were served dinner. After consuming food, they returned to the ceremony. Some complained of nausea, vomiting and stomach ache, which led to chaos in the hall.

Dahanu taluka health officers reached the venue and rushed the children to the hospital. The adults had not eaten the food as the ceremony was in progress. A few children who also consumed the food did not show any symptoms of food poisoning. They too were taken to the hospital and kept under observation. The food, including a brinjal gravy and juice, have been sent for tests.
