Title:	In 3 days, 109 fell ill after consuming contaminated water in Rajasthan's Hindaun in district Karauli			
Action By CSU, IDSP -NCDC	Information communicated to DSU – Karauli, SSU- Rajasthan			

At least 109 people suffering from vomiting and diarrhea were admitted to a district hospital in Hindaun of Karauli district in three days.

A 12-year-old boy, from the same area, died late on Monday night. The health department has sent teams in the morning to his house to find out details of the patients. It is a suspected death due to consumption of contaminated water.

“Shahganj area of Hindaun has been witnessing vomiting and diarrhea cases for the past three days. It could be because of water contamination. The public health and engineering department has stopped supply from pipelines in the area,” said Dr Pushendra Gupta, principal medical officer, Hindaun.

He said, “A 12-year-old boy was brought dead to the hospital from the same area. A team of the health department has reached his house to find out if he has died due to consumption of contaminated water,” said Dr Gupta.
