Title:	15 people drink contaminated water; fell sick in Mandya, Karnataka			
Action By CSU, IDSP -NCDC	Information communicated to DSU – Mandya, SSU- Karnataka			

As many as 15 people, including children, took ill after drinking water allegedly contaminated by pesticides in Mandya on Monday.

Labourers from Ballari who had come to Hoskoppalu village in Maddur taluk, Mandya, to work on sugarcane fields in the harvesting season, started showing signs of illness minutes after consuming water.

All 15 of them, including seven children, are being treated at the Mandya Institute of Medical Sciences. The seven children are being kept under observation.

The doctors, confirmed that all of them were out of danger. The labourers and the children were rushed to the hospital by the villagers.
